

4 APR 1952

DG 300.7

SUBJECT: Proposed Air Force Manual, Geography of the USSR

TO: Director
Central Intelligence Agency
ATTN: Geographic Division
Washington 25, D. C.

1. It is requested that this Headquarters be furnished any information you have available in the field of Russian Geography. This information should include copies of course outlines, instructional literature, pamphlets, and such other data which will clearly reflect the level of the instruction being given in the Geography of the USSR.

2. Headquarters USAF has directed this Headquarters to prepare an Air Force training manual on the subject, Geography of the USSR. It was further specified that this manual may be of value in Officer Candidate Schools, Career Development Schools in the Air University, Geopolitics Courses in the AFROTC Program, and as a reference for unit training within the combat commands.

3. To expedite the plans for the preparation of the subject manual, it is requested that the above information be forwarded to this Headquarters not later than 16 April 1952.

FOR THE COMMANDING GENERAL:

JOHN W. ARNETTE
Major, USAF
Asst. Adj Gen.
